The Centers for Disease Control and Prevention (CDC) is actively recruiting for an exceptional candidate for Nurse Practitioner. This position is located within the Occupational Health Clinic in the Office of Safety, Security and Asset Management (OSSAM) in Atlanta, Georgia. The purpose of this position is to provide direct and comprehensive occupational health, preventive, and therapeutic medical care to CDC workers.

CDC is known as the agency Americans trust with their lives. CDC is a global leader in public health and is the nation's premier health promotion, prevention, and preparedness agency. Whether protecting the American people from public health threats, researching emerging diseases, or mobilizing public health programs with our domestic and international partners, we rely on our employees to make a real difference in the health and well-being of people here and around the world.
