

APPLICATION FOR CERTIFIED RETIRED STATUS

Certified occupational health nurse retired status recognizes certified nurses who have permanently retired from the active practice of occupational health nursing and wish to convert their credential to retired status.

To request a change of status from active to retired requires the completion of this form and a fee of \$100. ABOHN will issue a certificate that reflects your retired status. This status change allows you to use the “COHN/COHN-S and CM Retired” status.

The status of retired is considered a permanent change. Return to active status will require retaking the certification examination.

Please complete and return this form if you wish to apply for retired status.

RETURN WITH PAYMENT

\$100 Retired Status: Lifetime (one time payment)

Name: _____

Address: _____

City, State, Zip: _____
